COVID Protocols UPDATE

June 2023

- **Face masks are optional** for staff, students, Support Professionals, visitors, volunteers and audience members.
- **Students and all others may choose to wear a mask** at any time based on health risk, exposure to viral illness, and/or personal preference.
- **Please keep a mask with you** at all times so that you can wear it if needed or requested to wear one.
- **If a person wearing a mask is working closely** with other Troupe Members, they can request that everyone in close proximity also wear a mask.
- Please note, **Theatre Adventure strongly encourages all staff, students, Support Professionals, and volunteers to stay up to date with Covid-19 vaccinations** per the CDC. Theatre Adventure will no longer monitor Covid-19 vaccinations for in-person programming.
- **Stay home with any symptoms of a respiratory virus**, such as a cough, fever and sore throat, to prevent the spread of infection. **TAKE A COVID TEST. IF YOU TEST POSITIVE for COVID-19 (PCR, LAMP or antigen test) ISOLATE until a negative test result occurs.**

- **Face masks are required for five days after contact with a person who has been identified has tested positive for Covid-19.** The exposed person wears a face mask for five days or until a negative test rules out a Covid-19 infection.
- **Inform any close contacts.** Close contact means being within 6 feet, for a total of 15 minutes or more over a 24-hour period of someone with COVID-19.

We take seriously the need to keep everyone healthy and safe from COVID given that many of our students have fragile health or underlying health needs/conditions. Please follow all of our protocols to help keep everyone in Theatre Adventure healthy.

Please be in touch with any questions.
